International Facility Management exchange programme

Profile of the programme

This page contains information about the courses that the School of Future Environments - Facility Management offers to exchange students. All courses combine theory and practical knowledge, involve group work and are fully taught in English in a multi-cultural setting.

Below you find the most relevant courses related to our pillars of FM: Service Design, Vital Buildings and Users, Service Innovation, Creating optimal (work) Spaces inclusive of Technology, and the semester 'The Ultimate User Experience'.

If you have more questions about the programme, please contact:
