

Course: AD Innovation Lab

credits: 12

Course code	BVVH19ADINLAB	Modes of delivery	Action learning
Name	AD Innovation Lab		Guest lecture
Study year	2019-2020		Individual supervision
ECTS credits	12		Peer feedback
Language	English		Project-based learning
Coordinator	P.H. Omlo		Simulation
			Supervision
			Work placement
		Assessments	AD Innovation Lab 1 - Professional product

Learning outcomes

1. The student can in a methodical and substantiated manner answer the research questions by applying different research methods in relation to the design problem.
2. The student can, in a methodical and substantiated manner, make an integral architectural design, work out and present it for a building within a well-known, complex practice context.

Content

Design and Research. Students determine their own relevant research question(s) and research method in a project plan. By means of self-directed guidance, the student answers the integral question, preferably within a multidisciplinary context.

Included in programme(s)

Minor Architectural Design

School(s)

School of Architecture & Built Environment
