

Vak: Project Semester 1

credits: 5

Vakcode ELVP19APRS1
Naam Project Semester 1
Studiejaar 2021-2022
ECTS credits 5
Taal Engels
Coördinator J.M. Wilson

Werkvormen Projectonderwijs
Supervisie
Toetsen Project Semester 1 - Vaardigheidstoets

Leeruitkomsten

At the end of this course the student is able to:

- work together in a team;
- reflect on their own behavior;
- address team students (Feedback) on their behavior according to the feedback rules;
- translate the clients conditions into a simple electrical design;
- prepare a simple Plan of Approach, including planning;
- include milestones in the PvA and keep track of project progress through agendas and minutes;
- provide substantiation for the choices made;
- write a simple (technical) report;emonstrate the electrical design.

Inhoud

For this project, students work in groups. All groups have periodical meetings with their tutor, who is responsible for guiding the group and assessing individual participation of students. The project is divided into tasks. All groups must do all the tasks. Tasks can be theoretical (like report writing) or practical (like implementation or presentation). Each task has its own deadline and deliverables. The final project grade is a combination of the grades for each task, considering individual participation.
