- Translates the design from a project plan into a scenario and executes it.
- Shows perseverance, performs the professional task of event manager can reflect on this by developing and applying multiple scenarios.

Inhoud

In this teaching unit, students develop their own event in a project group. This means brainstorming and working out creative ideas to come up with a plan of action within a few weeks. This is developed into a project plan, including financial justification, marketing plan, safety plan, script and the event's final execution. The outcome is an event that is innovative, creative, realistic and financially feasible. The student reflects on his/her performance, both individually and in terms of content.
